COMMENCEMENT DINNER AT ANTIOCH MUCH ENJOYED AT NOON WEDNESDAY

The annual commencement dinner of Antioch college was held in the College dining room Wednesday noon, several hundred students, relatives and friends and former graduates of the school being present for the affair.

A program of after dinner speeches filled the program. Dr. Black, acting president of Antioch serving as toastmaster. Before introducing the speakers, Dr. Black read from his report submitted to the Board of Trustees at the meeting Tuesday, pointing out that despite the war and other drawbacks that the college was steadily gaining in the number of graduates. This gain, he said, was begun with the regime of Dr. S. D. Fess, as president of the college. Dr. Black explained that the school had a rosy outlook and the promise of better conditions, from now on, and he asked that there be no pessimism regarding the school.

Samuel H. Staggers, of the Class of 1914, who has since won success in petroleum in Tampico, Mexico, was introduced next by the toastmaster. Mr. Staggers just arrived at Antioch in time for the dinner. In view of the present trouble, Mr. Staggers said that there were 5,000 Americans in Tampico and they were going to stick. His talk was full of the spirit of Antioch and he finished by saying that he would not consider himself a success until he is able to give \$100,000 to old Antioch.

Dr. Wm. Marshall, M. D., of the class of 1886, and editor of the Antiochian at that time, advocated a new and active policy for Antioch in securing its advancement. He said his platform was for a new, young and active head of Antioch, and a strong advertising campaign. "There is a student in every house. Why, people within a few miles of Yellow Springs never heard of Antioch." In closing Dr. Marshall admonished the graduates: "Work, but don't be too busy to answer the call of opportunity."

Mr. Elderidge, of Boston, one of the early graduates of Antioch, was mostly reminiscent in his talk of the spirit of old Antioch.

Miss Fannie Haynes, of the Central High School faculty, Xenia, was also called upon and said a few words in the interest of her alma mater.

FORMER OFFICERS PLOT TO RESTORE HAPSBURG FAMILY TO POWER

By Robert J. Prew.

Paris, June 19.—I have today been furnished with further details of dramatic plot to restore the Hapsburgs to the throne, which was exclusively described in an International News Service dispatch yesterday.

These details fully confirm the existence of the plot and shed additional light on those who are working for the overthrow of the new Austrian people.

Miss Dewine's death occurred just one day before the transport on which her brother William, is sailing from overseas is expected to reach port, too late for the sister to see once more the brother for whom she had longed.

Miss Dewine was born in Yellow Springs, November 18, 1900. She left high school in the junior year owing to ill health, and was also obliged for the same reason to give up her studies at the Springfield School of Music.

She is survived by her parents, four sisters and six brothers as follows: Bessie, Jane, Agnes, Mary Ellen, William, with the A. E. forces. Thomas, Dennis, Frank, Edwin and Raphael.

Funeral arrangements will be announced later, it being hoped that her brother William will be able to reach home in time for the service.

INTERESTING BIT
OF SURGERY IS
PERFORMED IN XENIA

An interesting piece of surgery was performed at the McClellan Hospital a few days ago upon ten year old Hazel Stewart, daughter of Mr. and Mrs. Charles Stewart of Fairfield. The child was terribly burned about two years ago, when her clothing caught fire from a lamp she was lighting. When the burns healed the skin of one arm began growing to the side from shoulder to elbow. The operation was performed to loosen this growth.

PREDICTS HIGHER
PRICES IF RAILS
GO BACK TO OWNERS

Old Point Comfort, Va., June 19.—The return of the railroads to private ownership would inevitably start a rise in prices, "the apex of which no man could truthfully predict," Robt. W. Wooley, of the Interstate Commerce Commission, today told the Virginia Bankers Association, in con-

Herman Harner, president of the senior class, and editor in chief of the Antiochian was called upon by Dr. Black and gave an interesting talk from the viewpoint of the Seniors. He also explained the organization and purpose of the Students' Publicity Association and finished with a few remarks concerning the Antiochian. Miss Florence Benson of the 1919 class was also called upon and delivered a brief impromptu talk.

Dr. S. E. Weaver, whose commencement address proved so popular in the morning, was again called upon by Dr. Black and he responded with another interesting talk.

Hon. S. D. Fess, the last speaker on the afternoon program devoted some time to speaking of the problems that face the institution. This state has 52 colleges, everyone backed by some inherently strong church, organization or by the state. This institution does not have that backing. No church owns this and no church feels this as its charge. Horace Mann said "I want this to be religious but not sectarian."

Dr. Fess continued with a review of the work done by old Antioch and referred to some of his own efforts to secure an endowment for the school. Antioch was born out of the spirit that education should be its own recompence. It ought not be put on the commodity basis or require advertising," said Dr. Fess. "Education is so important it should not have the stain of the money grabber upon it."

"We are misunderstood," continued Dr. Fess. "It has been a struggle along every line you institute. Antioch must never yearn to be anything more than a high grade institution of learning in the field in which it can operate." He said again "Antioch can defy the commercial world if men and women who have gone out of here will say we will take care of the finances of Antioch and it won't cost any of us very much."

Dr. Fess' address concluded the program of after dinner speeches, and the annual commencement dinner program. The reception of the Seniors and the Alumni and friends of Antioch was held at the home of Dr. Black Wednesday evening.

UNITED STATES
SENATE IS NOW
WATCHFULLY WAITING

Washington, June 19.—"Watchful waiting" best described the senate situation today with respect to the peace treaty and the league of nations covenant.

1. Senator Knox stated that he was still waiting for the "most propitious or psychological moment" to call up his resolution to refer the proposed entry of the United States into the league of nations to the American people after the conclusion of peace.

2. Anti-League senators were waiting for the return of Senator Lodge from Boston, where he was to speak at the Harvard graduation exercises today.

3. Both proponents and opponents of the league were waiting, with the rest of the world, to see which way the German cat was going to jump in the important matter of German signatures being attached to the peace treaty.

4. Senator Sheppard, Democrat, of Texas; Thomas, Democrat, of Colorado; Borah, Progressive-Republican of Idaho, and Reed, Democrat, of Missouri, were among those waiting for a favorable opportunity to deliver addresses on the leagues they had prepared or were preparing.

5. The entire senate was waiting with undisguised anticipation with the promised return of President Wilson soon from overseas.

ICE COMPANY ASKS
THEIR PATRONS TO
DEMAND FULL WEIGHT

That ice outrages with regard to underweight and overcharges do not exist here, is the statement of David Fitz, Manager of the Shawnee Refrigeration Company, which furnishes the majority of ice to local patrons.

"All our wagon drivers have orders to give full weight and to weigh the ice when demanded by patrons without charge. They have been warned that if reported for violating these orders that they will be prosecuted by the company," said Mr. Fitz, in commenting on ice outrages in other states.

The statement is also a warning to citizens and patrons of the Shawnee wagons to be sure they get full weight and if necessary to insist upon the ice being weighed in their presence. A driver who demands extra pay or refuses to weigh the ice, is violating company rules and should be reported.

CENTENARY OPENS FRIDAY.

Columbus, June 19.—Tomorrow, the opening of the Methodist Centenary, will be the biggest day in the history of Ohio for Methodism.

Mayor Karb has asked business places to close at noon and the entire city will extend a welcome to the visitors who are arriving on every train and by automobile.

COUNTESS IMPRISONED BY GERMANS
IS HOME AGAIN WITH LOVED ONES

Countess Caron de Wiart and her daughters.

Countess Caron de Wiart was formerly the Countess Frederica. She is the Belgian noblewoman imprisoned in Berlin for three months by the Germans for having aided imprisoned Belgian boys to write to their mothers. Her brother-in-law is secretary to the king of Belgium and a cousin, Baron de Wiart, is a brigadier general in the Belgian army.

LOSSES 13 SONS IN WAR

Paris, June 19.—Thirteen sons killed on the field of battle, three discharged with grave injuries, one wounded four different times, the father and one daughter summarily shot by the Germans for going to Lille to celebrate the centennial anniversary of a relative and another daughter killed by a German shell at Dunkirk is the record of the family of M. Vanhee a French farrier, of Reminghe, near Ypres. M. Vanhee had 33 children, 22 sons and 14 daughters, all of whom were living when the war started.

One of his sons was valet to Pope Pius X; he returned to France to fight and was wounded in each of four engagements. One of the sons lost both legs, another returned from the front blind and deaf, another underwent the trepanning operation.

SENATOR GORE HURT
WHEN AUTO UPSETS

Sioux Falls, S. D., June 19.—Senator Thomas P. Gore, of Oklahoma, was injured late yesterday afternoon when an automobile in which he was rushing from Mitchell to Sioux Falls overturned throwing the Senator out onto the ground.

Senator Gore was not severely injured, according to attending physicians. His shoulder was badly bruised, but he suffered no internal injuries.

The Oklahoma Senator was speeded to Sioux Falls to catch a train for Washington when the accident occurred. Senator Gore plans to continue the trip tomorrow.

A front wheel of the automobile caught a rut.

CHANGE OF GERMAN
CABINET CERTAIN

Copenhagen, June 19.—The fall of the Scheidemann cabinet and the formation of a new one headed by Mathias Erzberger, is considered certain, in view of dispatches reaching here from Weimar and Berlin today.

Disputes stated that the German Democratic party undoubtedly will vote against signing the treaty. If the majority socialists vote for signing it, which is considered likely, the split will be so irreconcilable that new cabinet is assured.

RATIFY SUFFRAGE.

Harrisburg, Pa., June 19.—The Pennsylvania state senate today by a vote of 50 to 6 ratified the federal suffrage amendment.

PRICE THREE CENTS.

GERMANS CAREFULLY
WEIGH CONSEQUENCES
IF THEY DO NOT SIGN

After the first passionate outbursts against the allied terms of peace, sentiment within Germany apparently has undergone a change. Correspondents of the International News Service and of Scandinavian papers both at Berlin and at Weimar, where the national assembly is considering the peace terms, today reported the impression that Germany will sign, whereas dispatches 24 hours earlier conveyed the opposite impression.

It is possible that Premier Scheidemann's words of warning that the assembly must take no premature judgment has had a moderating effect. The Scheidemann-Ebert government apparently is weighing carefully the possibility that Germany will be plunged into bolshevism and broken up into smaller states if she refuses to sign.

Dispatches from both Zurich and Amsterdam report that the German peace delegation, headed by Foreign Minister Brockdorff-Rantzau, unanimously recommended to the government that the treaty be rejected. This action signifies that if the government decides to sign, Rantzau and his colleagues will resign and be replaced by a new peace mission, which will sign for Germany at Versailles.

Copenhagen, June 19.—A Berlin telegram today confirms the impression that the Germans will sign the treaty. Considerable uneasiness has been caused by the fighting at the castle at Weimar and by reports of industrial unrest.

Berlin, June 19.—Advices from all parts of Germany received here today indicate a distinct difference of opinion regarding the peace treaty.

Sentiment in southern Germany, which would suffer invasion by allied armies of occupation in event Germany refuses to sign, favors acceptance of the treaty. The northern provinces are reported to be opposed.

The Socialist newspaper Vorwaerts declares that the only solution is to take a popular vote on the treaty.

BY ALFRED G. ANDERSEN.

Weimer, June 19.—The majority Socialists in the national assembly in session here will decide whether Germany accepts the peace terms imposed by the allies, or rejects them and invites military occupation.

Or which side they will cast their vote when the treaty comes up for consideration cannot be stated at the present time. However, several Socialists with whom I have conversed gave me the impression that the majority Socialists will agree to sign.

The position of the Catholic Center and the Independent Socialist parties is not clear, but it is reported they will finally agree to accept the terms.

The pro-German element, that factor in German politics represented by the Deutsche Zeitung, is naturally furious over the allied ultimatum, but it must be remembered that the pan-German influence is now relatively small in political affairs, though the old spirit is conserved.

It is now generally believed that those cabinet members who do not agree to signing the treaty either will resign or change their attitude or will resign.

The national assembly did not meet until 10 o'clock yesterday morning, because Count Von Brockdorff-Rantzau and the other German peace delegates slept late on their special train after their arrival here from Versailles.

The German delegation by a French crowd aroused much indignation here, but Premier Clemenceau's note of apology and his action in dismissing officials responsible for the incident have created the best impression among the delegates.

General Von Gruner, successor to Ludendorff as chief of staff of the German armies, has been summoned to Weimer, presumably to inform the national assembly of the state of Germany's military preparedness.

MEXICAN REBELS
CLOSELY WATCHED
BY U. S. SOLDIERS

Cleveland, June 19.—Police believed today that within 24 hours arrests would be made in the West Cleveland bank hold-up case.

The police feel positive of the identity of four of the five men involved in the case and have promising clues as to the direction taken by the bandits after they split.

Developments of the last 24 hours in the search included finding hiding place of the bandits for two weeks prior to the hold-up and the automobile which they used.

POWERFUL PILE REMEDY DISCOVERED

Has Never Failed to End Most Obstinate Case of Piles in Five Days.

For years it has been proved that so-called external remedies applied to or inserted in the rectum cannot cure piles, and at the best can only give temporary relief. Surgical operations also do not remove this cause, but simply

This wonderful prescription, known as Miro Pile Remedy, is so efficient in the treatment of piles, that even chronic cases of from 20 to 30 years standing with profuse bleeding have been completely cured in from three to ten days. Think of it! Just a few doses of a carefully balanced prescription and the obstinate case of piles is absorbed, never to return.

Just read what Henry J. Stone of the Lorain, Ohio, Fire Department says: "I had bleeding and protruding piles for three years and tried all kinds of remedies without result, but was thoroughly cured after taking one bottle of

Frank J. Phillips of Bird Island, Minnesota, says:

"I used half a bottle of Miro. It worked like a charm. I no longer suffer with bleeding and protruding piles. I never regretted the money for such blessing as I am now enjoying. I would have used the whole bottle, but it was not necessary."

All pharmacists dispense Miro or can get it for you on short notice. Surely it's worth the little trouble to obtain it to be rid of piles forever.

IMPORTANT—What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a case of piles. For this condition Miro Ointment has been prepared as in such cases it is not necessary to take the internal prescription Sayre & Hemphill, adv

JUNE WEDDING ONE OF MOST CHARMING AFFAIRS OF SEASON

No more attractive June wedding could be imagined than that in which Miss Nellie Louise Chambliss, daughter of Mr. and Mrs. William Chambliss became the bride of Webster Irvin Swindler Wednesday evening, the service taking place at the Chambliss home on West Second street at seven o'clock.

Masses of June roses breathed their fragrance through the rooms, and the service was read in the archway between the dining room and living room, where roses and smilax twined overhead, formed a floral bower for the bridal party.

Just before the time set for the service, Mrs. Fred Coy of Dayton sang "O Perfect Day." Her song was followed by a reading from Hiawatha by Mrs. Fred Hornbeck, of London. Mrs. Hornbeck read that portion of Longfellow's beautiful poem regarding the marriage of Hiawatha and Minnehaha, and the starting of the Indian youth and maiden upon their honeymoon.

Miss Lucille Chambliss the bride's sister played the wedding march from Lohengrin, and the bridal procession was led by two tiny flower girls, Ellen Haines, little daughter of Mr. and Mrs. Fred Haines, the bride's niece, and Mary Katherine Swindler, the bridegroom's sister. The children were all in white and scattered rose petals in the bride's pathway.

In her robe of white georgette over satin, and wearing a tulle veil caught in her hair with lilies of the valley, the girlish bride was very lovely. She carried bride's roses. Her maid was Miss Ethel Kelble of Dayton, whose gown was of net over pink silk and her flowers pink roses. The bridegroom was attended by Cecil Baxter as best man.

The Rev. A. J. Kestle of the First Methodist Episcopal Church, the bride's pastor, officiated, using the always impressive and beautiful single ring service of the Methodist Episcopal Church. While the service was being read, "The Flower Song" was rendered softly with Miss Lucille Chambliss at the piano, and Frank Chambliss with the violin.

A two course supper was served to 100 guests following the service. At the bride's table, there were covers for the bride and bridegroom Mr. Cecil Baxter, Miss Ethel Kelble, Mrs. Swindler, grandmother of the bridegroom, and Mrs. Caudill, grandmother of the bride, Mr. and Mrs. James Swindler, Mr. and Mrs. William Chambliss and Rev. and Mrs. Kestle.

Late in the evening the bridal pair left the city on a honeymoon trip, the bride weaging away a blue crepe de chine dress, cape and hat to match. Upon their return to Xenia they will be at home in the Anderson apartments on West Main street.

Mr. Swindler and his bride are well known young people, and Mrs. Swindler was honored during her pre-nuptial season with a number of social affairs. Mr. Swindler is employed in Dayton. There were out of town guests at the wedding from Peru, Ind., Columbus, London, Springfield, Dayton, Bainbridge and Chillicothe.

MILLIONS Suffer from Acid-Stomach

Millions of people suffer year after year from ailments affecting practically every part of the body, never dreaming that their ill health can be traced directly to acid stomach. The reason poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished—becomes weak, sluggish. Aliments of many kinds spring from such causes. Rheumatism, rheumatism, lumbago, sciatica, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression, even most serious diseases such as cancer and cancer of the stomach, intestinal ulcers, cirrhosis of the liver, heart trouble—all of these can often be traced directly to acid-stomach.

Keep a sharp lookout for symptoms of acid stomach—indigestion, heartburn, belching, food repeating, that awful painful bloating after eating, and sour, gassy stomach. EATONIC, the wonderful modern remedy for acid stomach, is guaranteed to bring back vigor and vitality. You will always be weak and ailing as long as you have acid-stomach. So get rid of it now. To Keep Away Teeth Stains and Tartar

Why is it that so many persons, no matter how regularly they use the tooth brush, have unsightly stains and tartar on their teeth? The stains are disclosed films which the ordinary dentrifices are powerless to remove with any amount of rubbing and scrubbing. And these greasy films, besides being so offensive to the eye, are a source of real danger. Beneath them, germs which are the principal cause of tooth decay, soreness and softening of the gums, besides producing digestive and intestinal disturbances.

Those who realize the seriousness of this condition will be glad to know they can easily remove every stain or discoloration, prevent the formation of more films (or "plaques," as dentists call them), as well as tartar, by using a wonderful new product, "Once-a-Week Tooth Polish." Nothing else will so thoroughly clean the teeth, banish every ugly tint, and give that sparkling, healthy appearance which is attained by "Once-a-Week Tooth Polish," which any druggist can supply, is perfectly harmless to the teeth. It is invaluable in the care of children's teeth.

London, June 19.—A New York surgeon was performing an operation on a patient when a fire started at a warehouse across the road, illuminating the whole operating theater. Having finished, the surgeon turned to the nurse and said dryly: "Say, nurse, I notice the patient is coming to, I guess you had better draw the blinds, I don't want him to think the operation hasn't been a success!"

HOME STUDENTS
ADDRESSED BY
JUSTICE NICHOLS

Chief Justice Hugh Nichols, of the Ohio Supreme Court, addressed the graduates of the Ohio Soldiers' and Sailors' Orphans' Home schools in the chapel at the institution Wednesday night, at the annual commencement exercises.

Justice Nichols impressed upon the young people the need of firm Christian character in their battle with life, loyalty to the government and to each other. He also dwelt upon the opportunities open to them at this time. Chief Justice and Mrs. Nichols motored to Xenia, arriving at the Home only a short time before the hour set for the evening program. They were guests at the institution over night, leaving about 6 o'clock this morning for their return trip to Columbus, the chief justice wishing to be in the capital about 9 o'clock.

The commencement program was divided, the majority of the high school graduates making their orations in the afternoon, when the pro-

gram opened at 2 o'clock. The platform in the chapel was decorated with pennants, the class colors, purple and gray, flowers and plants.

The music, both afternoon and evening was an excellent feature of the program.

In the evening the class prophecy was given by Joseph C. Rohe, a graduate, and the class president, Randolph Van Scyck gave an oration "Results of the War on Americanism."

Judge Frank M. Allen of Washington C. H., presented diplomas and certificates of graduation to the class. He was superintendent of schools at Batavia when Judge Nichols graduated and he mentioned this fact in his talk. Judge Allen is a member of the trustee board at the Home.

AS BRITISH TELL IT

London, June 19.—A New York surgeon was performing an operation on a patient when a fire started at a warehouse across the road, illuminating the whole operating theater. Having finished, the surgeon turned to the nurse and said dryly: "Say, nurse, I notice the patient is coming to, I guess you had better draw the blinds, I don't want him to think the operation hasn't been a success!"

HOME STUDENTS
ADDRESSED BY
JUSTICE NICHOLS

Chief Justice Hugh Nichols, of the Ohio Supreme Court, addressed the graduates of the Ohio Soldiers' and Sailors' Orphans' Home schools in the chapel at the institution Wednesday night, at the annual commencement exercises.

Justice Nichols impressed upon the young people the need of firm Christian character in their battle with life, loyalty to the government and to each other. He also dwelt upon the opportunities open to them at this time. Chief Justice and Mrs. Nichols motored to Xenia, arriving at the Home only a short time before the hour set for the evening program. They were guests at the institution over night, leaving about 6 o'clock this morning for their return trip to Columbus, the chief justice wishing to be in the capital about 9 o'clock.

The commencement program was divided, the majority of the high school graduates making their orations in the afternoon, when the pro-

gram opened at 2 o'clock. The platform in the chapel was decorated with pennants, the class colors, purple and gray, flowers and plants.

The music, both afternoon and evening was an excellent feature of the program.

In the evening the class prophecy was given by Joseph C. Rohe, a graduate, and the class president, Randolph Van Scyck gave an oration "Results of the War on Americanism."

Judge Frank M. Allen of Washington C. H., presented diplomas and certificates of graduation to the class. He was superintendent of schools at Batavia when Judge Nichols graduated and he mentioned this fact in his talk. Judge Allen is a member of the trustee board at the Home.

**LOOK HERE, YOUNG MAN—
HERE'S SOMETHING IN-
TERESTING TO YOU.**

Did you think your opportunity to
become a soldier passed with the
signing of the Armistice, or that
Uncle Sam no longer needed soldiers?

The men who are returning from
the big victory are entitled to im-
mediate discharge. Many are eager
to re-enlist, others are going back
home and to work. Replacement
troops are therefore necessary. Uncle
Sam will maintain a ready, efficient
patriotic army to guard the Flag,
which flies in many parts of the
world.

This must be a volunteer army,
made up of men who believe with all
their hearts that being a soldier of
the United States is the finest busi-
ness in the world.

Replacement troops are now being
recruited for immediate overseas
service. Do you want to go along as
an active participant in the interesting
events during the period of oc-
cupation? Do you want to see bat-
tle-scarred France and the great
River Rhine, which the Germans
thought no enemy would ever cross?

You are the sort of chap Uncle Sam
wants. Read what he offers:

Food, clothing, living quarters,
medical and dental attention—all of
the very best quality—absolutely
free. The pay starts at \$30.00 a
month. This seems small until you
stop to think that you get pretty
nearly everything free.

The work is of two kinds: Military
and educational. The military work
comprises your duties as a soldier.
This is mainly out-of-door work. Some
of it is almost athletic in character.
It is usually interesting, oftentimes in-
spiring.

But Uncle Sam also offers his sol-
diers absolutely free many opportuni-
ties for educational training. In the
Army, a man who wants a common
school education can have it. A man
who wants to learn a technical trade
can obtain both instruction and prac-
tice, if he takes advantage of this
possibility. Uncle Sam pays you
while you study. Earn while you learn.

SENATOR KNOX'S BLUNDER

Apart from the major objection
that Senator Knox's resolution aimed
at the destruction of the league of
nations is ill-timed and directly cal-
culated to assist the Germans to at-
tain their object of creating divisions
among the Allies, the extraordinary
declaration offered by the Pennsyl-
vania senator is filled with false as-
sumptions and contradictions which
ought to condemn it instantly.

It is all the more to be regretted
that Senator Knox, himself an ex-
secretary of state and fully con-
versant with the diplomatic reactions
likely to follow the introduction of
his motion, should have chosen such
a moment so carefully calculated to
give comfort and encouragement to
the enemies of civilization. But that
he should at the same time have concocted
a resolution, assuming to speak solely for the Senate but which
at the same time was so framed as to
appear to be a declaration of national
policy, a reflection of the mind
of the American people, will be an
unpleasant awakening to many.

Every day makes it plainer that
the Senators are wasting the time of
the nation in frenzied efforts to
make capital out of a fictitious issue.
This is however small consolation
now for the mischief they are doing
at Paris or for the obstacles they are
deliberately creating to the work of
the Peace Conference. But the na-
tion may take comfort in the faith
that the right will prevail and that
the puny efforts of the men who
would delay the peace for which the
whole world is suffering will ultim-
ately come to naught.

**THE PROMOTER'S
WIFE**

BY JANE PHELPS.

**NEAL IS GRATEFUL FOR FRED
ERICK'S HELP.****CHAPTER CXVII.**

We were settled in our new home; it was neatly but plainly furnished by the owners for renting. A strange contrast to our luxurious New York home. But now happy Robert was; we had nice big yard and he lived out of doors. It was early Spring, and Neil at once started his garden, working in it a little while each morning, and at night until it was too dark to see. It was doing him good. He has lost that gray pallor which had clung to him ever since the papers had exposed him, and in its place was gaining a ruddy glow which I told him was vastly becoming.

He worked very hard in his own and Mr. Frederick's interests. It had been widely remarked upon that Neil Forbes, the former mining promoter had been made Eastern representative for the vast interests of "The Fredericks Co." It was also mentioned that "he had settled with his creditors to their satisfaction."

When Neil read it he said rather bitterly:

"I wonder if they would speak so kindly of me if they knew Scott's side of the story."

"But you will pay him back—some day."

"Yes, if I live some day."

"Then dear don't worry. You are doing well, I know Mr. Frederick will give you every chance."

"Sometimes Bab I wonder just why Frederick has done so much for me for us." Fortunately he was not looking at me or he might have noticed me flush. "It seems strange that a man would for pure kindness go so out of his way to help a fellow. He could not have done more for a son."

"You are almost young enough to be his son."

"But I am not, you know, and it passes my understanding why he has been so good to me. Why Bab, I never told you half he did in those days when I remained in his rooms. How he saw ugly excited people who clamored not only for their money, but what we, I, had promised them besides. Women as well as men came to him and demanded all they had been told should be theirs, not only demanded, but threatened. I never could have gone thru what he did for me; not with my nerves in the condition they then were."

"We are very fortunate to have such a friend," I scarcely knew how to reply when Neil praised Frederick's kindness to him. I was guiltily conscious that it was for my sake he had done all that he had, yet there was no least feeling of guilt as I recalled my intercourse with him, or of regret. I had accepted for Neil's sake more, far more than ever I could have accepted for myself. This Frederick knew.

"Fortunate! We are more than that. If I were a religious man I should say we are blessed." Then he added quietly: "I shall some day prove my gratitude. It may take a long time, but I shall find a way."

And I knew he would. In all my life I never saw a human being possessed of tenacity such as Neil always had exhibited. He had a bulldog way of accomplishing anything he undertook that brooked no denial that no disappointment could. Real

discouragements, things that would have made most men give up in despair, seemed simply to drive him to greater exertions, and to increase his tenacity. It was this quality in him which had made him such a success along wrong lines; it made for his success when applied to legitimate business.

When I told him what Blanche Orton had told me before she went to Europe, he had replied:

"That woman will some day make some man supremely happy—if ever she runs across the right man. But women never will appreciate her scarcely-like her. She is emphatically a man's woman, while being more feminine in some ways than any women I ever have met. I am glad you parted friends."

Of that part of his life spent in her home with his conferees I could not get Neil to talk. I became sure he was a bit ashamed of it, altho at the same time I was assured there had been nothing morally wrong in the association. I often wished he would talk more freely with me about what occurred at those little supper parties, but when I broached the subject he invariably changed it immediately. Once he said:

"I believe you are still jealous, Bab."

"Was I?"

Tomorrow—Neil's Conscience Troubles Him.

GOITRE

Removed for this Springfield, Ohio, Girl by External Remedy.

Mrs. Frank Beard, 1610 Karp street, Springfield, says in her own home paper the Springfield Daily News: "Sorbo-Quadruple removed a goitre of five years standing for my daughter, born five years ago, and it has not bothered her since. It enlarged her neck 1½ inches and made her a nervous wreck. We despaired for her life. It took less than one bottle to restore her to good health. I am glad to tell any one our experience even by letter."

Sorbo-Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate the skin. After the goitre is removed, the patient is in full healthy normal condition. Requires no exercise.

**HALFORD CONWELL
GETS HIS DEGREE**

Halford Conwell, son of Mr. and Mrs. C. E. Conwell, of Chestnut street, who is a student at the Cincinnati College of Medicine, received the degree of Bachelor of Science from the University of Cincinnati at the commencement exercises which were held last Saturday.

Mr. Conwell was given the degree by reason of having completed four years of college, two of which were spent at Heidelberg University, and two at Cincinnati. He has two more years in medical college before receiving the degree of M. D. for which he is striving.

Mr. Conwell and a party of friends, Mr. and Mrs. Walter Retsch, and Mrs. Moylan motored from Cincinnati Saturday evening, and spent Sunday here. Mrs. Moylan going to the home of her sister, Mrs. B. A. Stoff, of Roger street, while Mr. and Mrs. Retsch were guests at the Conwell home. They returned to Cincinnati Sunday evening. Mrs. Moylan being accompanied by her niece, Beatrice Stoff. Mr. Conwell returned to Xenia Monday evening and will be here for a short time before going to Wheeling, W. Va., where he will be employed during the summer.

FATHER OF W. F. TRADER HELPED TO FOUND THE HOME

The late Alfred Trader, father of Attorney W. F. Trader of this city, was one of the men chiefly interested in the founding of the Ohio Soldiers' and Sailors' Orphans' Home, 50 years ago, and was one of the first trustees of the institution. Eli Millen was another local trustee at that time.

Mr. Trader as assignee of W. F. Pelham, sold to the state, the Pelham farm southeast of Xenia, adjoining the Reed farm, which was later acquired, as a site for the institution. Mr. Trader was one of the men who gave the first \$1,000 toward establishment of the institution. His son, the late Leon Trader, was vice commander of the G. A. R. at that time and also greatly interested in the establishment of the Home.

Attorney W. F. Trader recalls the effort that it took to get the legislature to pass the bill providing for the purchase of the home by the state. The senator from this district was ill at his home in this city, but he was persuaded to go to Columbus to cast his vote in favor of the measure. After arriving in Columbus, he dodged through the streets on his way to the capitol, fearful that he might be kidnapped by opponents of the bill. He reached the Senate chamber and voted on the measure, which passed by just one vote.

Mr. Trader and Mr. Millen, who were the local members of the first trustee board, had all the routine work of the board to attend to, and frequently worked at the institution until midnight, trudging back home through part of which was then the open country.

The large size only fifty cents and the trial size only twenty-five cents. Remember La-may is guaranteed absolutely pure. Five thousand dollars reward is offered any chemist who finds it contains any white lead or rice powder. Refuse substitutes. Your common sense will tell you that when you are offered a substitute it is sure to be a demonstrator trying to sell an inferior product that pays a big dividend. When you use this absolutely pure La-may and see how splendidly it beautifies your complexion, you will understand why it so quickly became the most popular beauty powder sold in New York. Save this notice. La-may Rouge is also pure.

LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.

MRS. ANNA NESBIT VISITS IN XENIA

The Xenia friends of Mrs. Anna Nesbit of Superior, Neb., have been enjoying a visit from her for the last few days, and have been glad to renew old acquaintance. It is 29 years since she removed from here, with her father's family, the late Mr. John D. Stine, for some years the publisher of the old Xenia Torchlight. Mrs. Nesbit is the guest of her friend, Mrs. Rosa D. Shaffer, 139 Third street and will be here until Friday afternoon.

SELLS GOODS VIA AIRPLANE

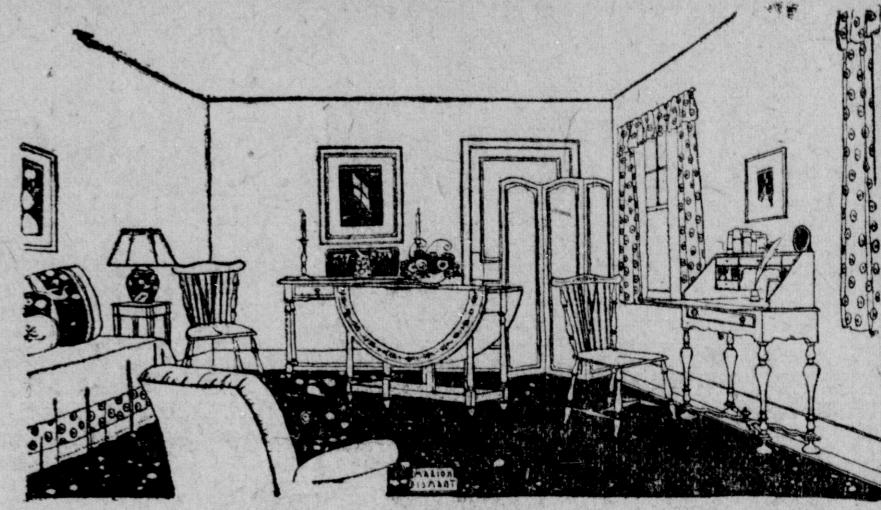

Major Rhinehart, accompanied by P. E. Ackerman, salesman for the DeLo Light Co., is scheduled to fly over Troy about noon Saturday enroute to Toledo to sell a lighting plant to a farmer near that city.

It is claimed that this will be the first time an airship has been used to convey a salesman to his prospect, and the ship will be elaborately decorated in token of the event.

It is planned to arrive at Toledo about three o'clock Saturday afternoon and a stop is to be made at Urbana. Other cities in the itinerary are Bellefontaine, Kenton and Fostoria, but Urgana is the only place at which a stop is planned.

'OLD BOYS' OF ANTIOTH DEFEAT COLLEGE BOYS BY SCORE OF 7 TO 3

Graduates of old Antioch gathered together for annual commencement affairs and alumni meeting, who formerly upheld the colors of the Yellow Springs College on the baseball diamond, proved that they had not forgotten all they once knew about the National pastime when they defeated the Antioch college baseball team 7-3 in the annual commencement Day game Wednesday afternoon.

While some of the graduate performers had not played ball for several years, the line-up of "old boys" represented heavy hitting aggregation that pounded the offerings of the present pitchers of Antioch, clouting the spheroid to all angles of the campus and chasing two pitchers from the box. On the other hand, Heide, who went into the box for the Alumni after Fess had been scored on, held the Collegians practically runless until the pastime was over.

The Alumni scored first in the initial frame when Edwards singled, stole second, advanced on Athey's error on Curl's grounded and scored on Heide's single. The Collegians got the edge in the third when Bales singled. Hamer was safe on a "feeder's" choice, Bales being caught at second. Little singled taking two bases on the overthrow and both Hamer and Little scored on Harmer's well-placed single to right.

In the fifth the old boys evened it up when Dunn was safe on Athey's error, advanced on Fess's out and scored on G. Funderburg's single. They took the lead in the sixth when Curl was safe on Athey's wild pitch, stole second and scored on Cory's hit. In the seventh they sewed up the game. Dunn singled and stole second and third, scoring on Edward's hit. Edwards stole second, and took third and then score on two passed balls. Curl tripled to left and scored on Heide's single. In the eighth G. Funderburg was safe on L. Northup's wild throw to first and he scored on Edwards' single. Antioch made its total three in the seventh session.

AMERICANS HAVE STRONG NERVES

Nervousness and Nerve Troubles on the Decline.

"Nothing wrong but your nerves," is a saying that is fast dying out in this country. While nerve trouble is still prevalent, the leading nerve specialist remarked: "A man or woman might better break a leg than have a shattered nervous system."

Overwork and worry drains the nerve cells of their reserve strength and power, and then follows the sleepless nights, indigestion, poor appetite, impure blood and general nervous break-down.

The thing to do in such cases no longer troubles doctors and their patients who know from their own experience the value of Phosphated Iron. They know that a few weeks regular use of this nerve food and red blood builder will strengthen and brace up the whole nervous system, because Phosphated Iron gives the tired, hungry and worn-out body a new lease of life and iron in a form easily and quickly absorbed; as one happy user said: "You can almost feel it taking hold of the nerves and blood, after a short time you feel like a new person; life seems a pleasure again."

In every section where Phosphated Iron has been used there has been a big decrease of nerve troubles and it will prove a welcome relief to any sufferer. You can bank on it for results—it's pure.

To insure physicians and their patients getting the genuine Phosphated Iron, we have put up in capsules only, do not take pills or tablets. Insist on capsules. Sohn's drug store and leading druggists everywhere.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's carelessness living that puts men "down and out." Keep your internal organs in good condition and you'll always be physically fit.

The kidneys are the most over-worked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of kidney disease is a sharp, stiffness in the small of the back, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

Western Canada's "Horn of Plenty" Offers You Health & Wealth

Western Canada for years has helped to feed the world—the same responsibility of production still rests upon her.

While high prices for grain, cattle and sheep are sure to remain, price of land is much below its value. Land capable of yielding 20 to 45 bushels of wheat to the acre can be had on easy terms at from \$15 to \$30 per acre—good grazing land at much less.

Many farmers find for a single year's crop, raising cattle, sheep and hogs brings equal success. The Government encourages farming and stock raising. Railway and Land Co.'s offer unusual inducements to Home Seekers. Farms may be stocked by loans at moderate interest. Free schools, churches and healthful climate.

For particulars as to reduced railway rates, location of land, illustrated literature, etc., apply to Supt. of Immigr. Ottawa, Can., or W. S. Nethery, Interurban Bldg., Columbus, Ohio

Houstonia Linimen

For Veterinary Purposes

Reduces Swollen Glands In Distemper

The Knowing Horseman selects the liniment that heals quickly without blemish to skin or hair.

Because Houstonia Liniment does not smart, burn nor blister—is compounded from soothing, healing, antiseptic oils—it gives equal benefit for internal use as well as external application in enlargements of the glands, as is proven by such testimony as this:

"We have used your liniment in our livery barn, on the farm and at the track for eight years, and believe it to be the best liniment in the world. We not only use it externally for injuries, but have found it works wonders in cases of sore throat, by injecting a tablespoonful on the tongue. Bower Bros., Athens, O., Dec. 20, 1908."

You can find no more effective nor humane medicine for injuries, or infectious troubles than antiseptic Houstonia.

Ask your druggist for House-tone-e-ah—veterinary size. Keep it handy in home and stable for emergency or general use.

Household sizes, 25c and 50c. New Veterinary size, 20 oz., \$1.00.

First compounded in 1870.

Peter Brown, the Restaurant

Way to Better Health.

It was a short and inexpensive way. Just a dollar's worth of this famous family tonic made him so happy and grateful that he went back to Greenamyer and Co.'s drug store and volunteered the following telling words of praise—"a free will offering," as Demonstrator Day well puts it:

Nerv-Worth Co.—I was in a rundown condition. Had stomach trouble, no appetite. Sleeplessness and a tired all-in feeling.

I have used but one bottle of your Nerv-Worth and I am greatly improved. I was formerly a very vigorous man. PETER BROWN.

SURVEYOR RESIGNS
AT THE REQUEST
OF COMMISSIONERS

County Surveyor Joseph M. Fawcett presented his resignation to the county commissioners Wednesday afternoon, to become effective at once. The commissioners took action immediately accepting the resignation, and Thursday morning appointed W. J. Davis, deputy county surveyor and representative of the State Highway Department in this county, to serve as surveyor until his successor is elected and qualified.

The resignation of Mr. Fawcett is the result of pressure brought to bear upon him because of findings of Inspector E. K. Parrett of the State Bureau of Public Accounting, indicating mismanagement of the affairs of his office.

Inspector Parrett's report on his work in Greene county will be made to the State Bureau of Public Accounting the last of this week. The reports of inspectors are usually made public by the Bureau about two months after they are received. Mr. Parrett has been working in this county since last November.

Mr. Fawcett would have commenced to serve his fourth term as county surveyor next fall. He was appointed in 1910 to fill the unexpired term of S. M. McKay, and was elected to the office four times.

Mr. Davis, who succeeds him, has been in Greene county nearly two years, coming here first as a representative of the State Highway Department. He was appointed deputy surveyor over a year ago. His home was formerly at Gallipolis. He is a fine civil engineer, and a man who has made friends of whom ever he has been associated in the county.

DAYLIGHT SAVING
LAW IS REPEALED

Washington, June 19.—The daylight saving law was repealed by an overwhelming vote in both houses of Congress yesterday. In the Senate the vote on repeal was 56 to 6, and in the House it was 232 to 122, five members voting present.

The repeal, if approved by the President, will become effective the last Sunday in October. At 2 o'clock in the morning of that day the hands of the clocks in the United States, which were moved forward one hour in April, will be turned back.

That's Right.
Men seldom, or rather never for a length of time and deliberately, rebel against anything that does not deserve rebelling against.

A Million Little Voices

The admiration from your friends of its looks and YOUR looks will be very apt to make you feel like kicking yourself for waiting so long to participate in such an instantly recognized pleasure.
